Readopted: 07/25/77; Amended: 09/26/77)

## RULE 701

### General

Notwithstanding any other provisions of these rules and regulations, the provisions of this regulation shall apply separately to each source area and receptor area in the Mojave Desert Air Quality Management District to control the emissions of air contaminants during any Stage 1, Stage 2 and Stage 3 air pollution episode as provided herein.

For the purposes of this regulation, APCO means the Air Pollution Control Officer of the Mojave Desert Air Quality Management District.

For the purpose of this regulation, a source area is that area in which air contaminants are emitted. A receptor area is that area in which the air contaminants emitted from a source area are measured.

The APCO shall establish source and receptor areas based upon air monitoring, geographical and meteorological factors. A list of the areas and their boundaries shall be maintained at the District headquarters and shall be available to the public.

## RULE 702

### Air-Monitoring Stations

The APCO shall maintain air-monitoring stations throughout the District. Those monitoring stations shall be continuously maintained at locations designated by the APCO after consultation with the Governing Board of the Mojave Desert Air Quality Management District.

[SIP: Approved 6/3/80, 45 FR 37428, 40 CFR 52.220(c)(42)(xiii)(C)]
